

Dear Parents/Guardians:

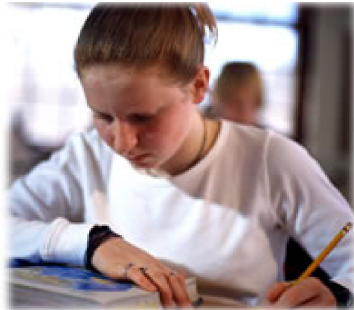

The Bethlehem Area School District (BASD) will be celebrating American Education Week from October 9 through October 12. The national vision continues to be “*Great Public Schools: A Basic Right and Our Responsibility.*” This vision aligns with the mission of the BASD—to celebrate our most important work—to educate our children.

The quality of student learning is highly dependent upon the quality of time and attention parents/guardians give to their child and their involvement in school activities. The time parents/guardians interact with children with homework or school sponsored events is very important to their children’s success. Your child’s teacher and principal welcome you and encourage you to join us during American Education Week and throughout the school year.

BASD is proud to serve our community, and we want you to be part of our family. Join us in making public schools great for every child so that they can grow and achieve in the 21st century. Help us make this school year one of the best!

Sincerely,

Joseph J. Roy, Ed.D.  
Superintendent of Schools
