

# Schoology

Schoology is Bethlehem Area School District's Learning Management System. Parents/guardians have the ability to log in and see their student(s) Assignments, Course Work, Grades, and receive email messages from the teachers. These instructions will review the procedure for parents/guardians who are new to Schoology. You will need to have a valid email in order to receive your new Schoology username and password. If there is no email on file, please contact the school of your oldest child and request that it be added to your contact record. It will take until the next day to transfer to Schoology.

Research shows that missing 10 percent of the school, or about 18 days in most school districts, negatively affects a student's academic performance. That's just two days a month and that's known as chronic absence.
