TRUST (noun)

1. firm belief in the reliability, truth, ability, or strength of someone or something.

Trust is earned over time by consistently doing what's right. At St. Luke's, trust is our foundation. St. Luke's was first in bringing innovative health care to the region 150 years ago, and we continue to be at the forefront of patient care and innovation. St. Luke's – the care you know and the name you trust.

Transforming Medicine. Reimagining Care.

Portnoff Law Associates honors the great service to the students of BASD by The Foundation for Bethlehem Area School District.

One looks back with appreciation to the brilliant teachers, but with gratitude to those who touched our human feelings. The curriculum is so much necessary raw material, but warmth is the vital element for the growing plant and for the soul of the child.
