WHAT PARENTS ARE SAYING

"At Asa Packer, I found a place where teachers, administrators and parents work together. It's a place where teachers communicate with parents, the principal greets you and your children by name, and the guidance counselor high fives your child as they get off the bus. It's a place where there are 5th grade picnics, family game nights, Arts Day, and other activities that children love to talk about around the dinner table. It's a place my 5th grader is sad to leave, my second grader is excited to return to, and my new kindergartener can't wait to attend!"
