

## Trip Day Announcements

1. Never, ever ski or snowboard alone!
2. Lock everything up!!!! This includes your skis, boards, bags and shoes!!!! Use the free valet service as every single day there are skis, boards stolen!!!!
3. Use the kiosk to get a locker for your gear. Chaperones will help you get started.
4. Chaperones are located in the lodge. Look for us, we walk around and get a table upstairs. If you cannot find one of us, have ski patrol page us.
5. Lessons begin at 4:00. You paid for your lessons – so get there and become a better and safer skier or snowboarder.
6. Your passes are electronic; all your ski/board package information is on it. However, you must keep it away from you cell phone or it will not work. If you get stuck at a turn-style to get on the lift; it may be because your pass is too close to your phone. So keep your pass and phone on opposite sides of your body.
7. Speaking of cell phones, resist the urge to use your cell phone as every week we learn that a student dropped their phone while on a ski lift.
8. This year we have lanyards. Please wear them and keep your pass in them. The passes are electronic and will not work through the turn styles if you have your phone too close to the lanyard. **ANY QUESTIONS????????**
9. If you lose your pass, you will be assessed a \$10.00 fee to get a new pass.
10. We are Bieber Coach bus # \_\_\_\_\_ There may be several busses here. Look for the East Hills sign on the front window.
