Mission Statement

It is the mission of East Hills Middle School to provide a safe and supportive environment for each student. In partnership with parents and the community, the staff will strive to give each student an experience in excellence, providing opportunities to attain the knowledge, skills and attitudes that enable lifelong personal growth as a learner and productive citizen. Recognizing our culturally diverse student population, we believe each student deserves individual attention and recognition in an atmosphere developing critical thinking, self-discipline, cooperative learning and responsible decision making skills. We are committed to the beliefs that all students can learn to achieve increased levels of academic success, social responsibility, appreciation of their own unique abilities and those of others.
