Quizlet.com Assignments

Please log into your quizlet.com account and review the following sets of flashcards.. You can practice as many times as is necessary. Ultimately, your goal is to complete the “Learn” mode for each set. You will have completed the process after **you correctly enter all** of the words from that set. Please do NOT stop after having done the process only once. In order to get credit and have the results show up in your profile for me to see, you must continue until you get them all right and you get the message on the screen that says that you have completed learn. Quizlet will save your results, so this does not have to occur in one sitting. Each set must be completed by **Tuesday, August 29, 2017.**

Part B. Listening Practice

It is imperative that you not only practice grammar and vocabulary, but your listening skills as well. You will need to select **three** authentic Spanish audio/video sources that are each at least 2 minutes in length. You may select one from the following websites. Once you have selected a source, listen to it and try to summarize it in Spanish. You do NOT need to understand every word. You should be challenging yourself. Fill in the chart. For each one you will write a 4-5 sentence summary in Spanish and you will SHARE it with me on Google Docs
