Welcome to 8th grade advanced reading. We will read and write every day, so come prepared to learn and be an active participant. My goal is to have students gain an appreciation of literature by making reading fun, exciting, and engaging yet focusing on deeper content, higher-level thinking and reading strategies, vocabulary development, and written and oral response to literature.

Teacher Homework Policy

Students are expected to use their planner every day to write down their homework assignments. Homework is typically assigned three to five times a week and may or may not be graded. If homework is collected and graded, students have an opportunity to turn in a missed homework assignment the next day for half credit unless we have already discussed the work in class.

Teacher Grading Policy

Grades are based on total points accumulated out of total points possible in the quarter. Assignments include, but are not limited to, class participation, tests, projects, quizzes, homework, responsibility, notebook checks, and group activities. All assignments are graded in a timely fashion and posted to parent portal. If a student is absent, that student will have as many days as absent to make up the assignment; however, it is the student's responsibility to get and complete their make-up work. All late work is deducted 10% for each day late.
