

Nitschmann Middle School - 2018-2019 World Language Selection

Student name (print) _____ Date: _____
Current Language/ Support teacher: _____ section: _____

DUE ASAP: no later than May 11, 2018

It is my desire that I study the language ranked number **1** below. I understand that if that language choice is not available, I will be placed in choice number **2 or 3**. I understand that the language is to be studied in **both** seventh and eighth grades. Once the course has been given, it cannot be changed. At the conclusion of eighth grade, the student will have the equivalent of one year of a world language.

Upon entering high school, students will continue the study of this language. Information about the language program at the high school will be provided to the student in eighth grade during the registration process.

Please note: Students who are in need of extra support, based on their Individual Educational Plan, classroom performance and/or standardized testing results, may be scheduled for support class instead of a world language class.

Rank your language selection in order of first, second, and third choice. Fill out in PEN. If there are any changes to order, PARENTS must write initials next to changes.
