Fear not current 8th graders, as you can still assist afterschool and maybe get community service hours for helping out.

Need some info -

So yeah, turns out you CAN make a living (a very comfortable one) playing games. Universities are offering scholarships even. There are plenty of reasons to support a program and get involved, and opportunities to network, learn skills and explore careers(lots of ways to earn a buck even if you don't play).

To see the current ranking for game tournament prize, follow the link. <https://www.esportsearnings.com/games>

I am working up another project to help fund our needs for eSports which will post soon. In the meantime, you can help and donate for other things here: <https://www.donorschoose.org/B.Kehler> .
